

HELIOS 11Y

Solar, Battery Powered IR Illuminator

Helios Solar/Battery Powered Infrared

Helios IR Illuminators are designed for use with battery/solar powered systems. They are ideally suited for off-grid, solar or mobile applications where 12-24V batteries are used. Helios Illuminators are outdoor IP67 rated and are rugged and vandal resistant.

Easy Integration and Control

Seamless and precise control via Input/Output ports. Sync with camera, sensors or other system devices with I/O ports. For easy integration, a built-in photocell switches the IR ON/OFF based on lighting conditions.

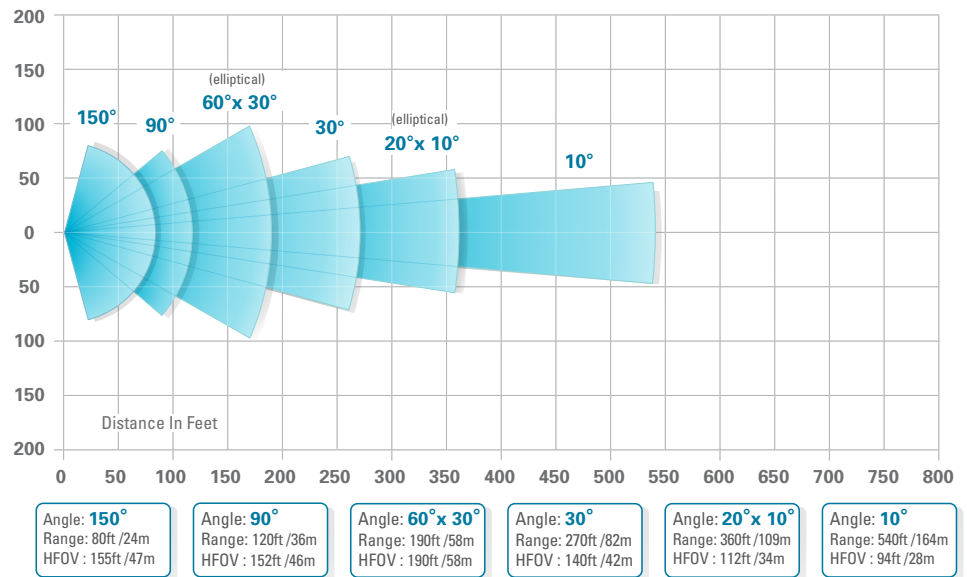

Lifetime Warranty - Made in the USA

AXTON Lights are covered by a lifetime warranty with advanced replacement.

FEATURES

- Wavelength - 850nm Infrared
- Outdoor IP67 Rated
- Energy Efficient - 11 Watts
- Advanced LED Technology
- I/O Port Sync with Sensors, Devices
- Automatic Day/Night Sensor
- Lifetime Warranty, Made in the USA

RANGE

SPECIFICATIONS

Wavelength	850nm Infrared
Input Voltage	9 to 28 VDC
Angle/Range Options:	150°, 90°, 60°x30°, 30°, 20°x10° or 10°
Power Consumption	11 Watts
Operating Temp.	-58° to 140°F / -50° to 60°C
Dimensions	4.25" x 2" x 4.25" / 108 x 51 x 108mm
Weight	1.25 lbs/ .56kg
Environmental	Outdoor IP67 Rated
Mounting	Pan/Tilt U Bracket Included
