IR Illuminator & White Floodlight

HYBRID 270° IR Illuminator & White Floodlight

The HYBRID 270° combines long range 270° IR Illumination with an event triggered 270° White Floodlight into one easy to deploy compact solution.

Event Triggered White Floodlight

Hybrid series lights connect to a camera, motion detector, alarm or any other device via I/O ports, triggering the illuminator to switch from infrared to white light upon an event occurrence.
