

Tactical 3TLE

Indoor Recessed 940nm IR Illuminator

3TLE Indoor Recessed IR Illuminator

The Tactical 3TLE is a fully covert 940nm IR Illuminator. It mounts recessed in an indoor ceiling or wall. When installed only the 3" diameter faceplate is visible, offering a sleek and compact IR solution. This unobtrusive design seamlessly integrates with your space and provides effective and "invisible" 940nm security camera infrared.

Easy Integration and Control

The 3TLE can be powered with PoE, PoE+ or 12VDC. It uses energy efficient LED technology and has a power consumption of only 3 watts.

Lifetime Warranty - Made in the USA

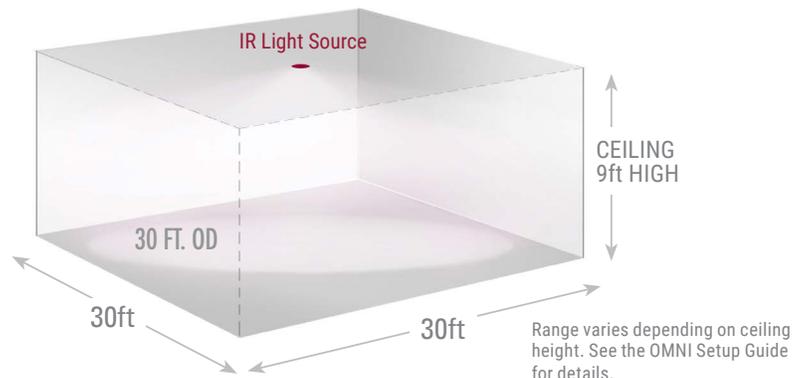

AXTON Lights are covered by a lifetime warranty with advanced replacement.

FEATURES

- Wavelength - 940nm Infrared
- Rugged & Vandal Resistant
- Energy Efficient - 3 Watts
- Advanced LED Technology
- Input Voltage - PoE, PoE+ or 12VDC
- Up to 800 sq. ft. of IR Illumination
- Lifetime Warranty, Made in the USA

RANGE

UP TO 800 SQ. FT.
